It might be well for Mr. Harriman to get busy in the Malheur canyon if he expects to hold this pass to the exclusion of other lines.

It is rumored, according to the Portland Journal, that Harriman will abandon the Deschutes routes now that Judge Bean has decided the Oregon Trunk has first right of way.

Late news from Portland announces that the (Hill) Oregon Trunk has secured another advantage over its rival in building into Central Oregon by purchasing the survey of the Central Oregon Railroad.

A BOOSTER'S PLEDGE.

On my word and honor, I hereby now declare that as long as I am a resident of this community, it will be my constant aim to boost all the time and every time.

FAIR PREMIUM LISTS HERE.

The premium lists for the county fair have at last been received and are now being distributed throughout the county.

WM. HANLEY GETS A FINE.

William Hanley, convicted in the United States court of having maintained an illegal fence on government land in Harney county, was denied a new trial by Judge Wolverton this morning.

William Hanley is one of the best known stock men in the central part of the state. He is well known also as a politician in his country, and during the many years of his residence in Harney county and that vicinity has built up a big fortune.

Jury for having maintained an illegal fence upon government land in Harney county. During the trial of the case it was shown to the jury that Hanley maintained the fence and used the government for the purpose of ranging his stock.

Immediately after the verdict had been returned, Senator John Gearin and C. E. S. Wood, attorneys for Hanley, filed a motion for a new trial. This motion was afterwards argued at length and submitted to Judge Wolverton for his decision.

Judge Wolverton this morning handed down his decision in the case, refusing to grant the new trial asked for. The time of passing sentence was left somewhat to the convenience of the attorneys for the defendant, it being stated that the defense would be ready for sentence this afternoon, provided it would be possible for Colonel Wood to be present.

Following the pronouncement of the sentence the attorneys for Mr. Hanley will ask time in which to perfect their appeal to the United States circuit court of appeals.—Portland Journal.

Late news from Portland announces that Mr. Hanley was fined \$500 and costs which amounts in all to about \$4000. The case will be appealed to the United States court of appeals, according to this advice.

Job printing—The Times-Herald. Miss Grace Cary is expected here today on a visit to relatives and friends.

Some very desirable residence and business lots in Burns can be secured by seeing Irving Miller.

We are informed the Burns Flour Milling Co. is paying 2 cents a pound for milling wheat.

Bring in your big squash, turnips, beets, cabbage, etc., and don't forget the pigs, chickens and horses. Liberal premiums are offered for all. Homer Cecil will have charge of the live stock this year.

An important real estate deal which was made Tuesday occurred when A. E. Brown from near Steens Mountain in Harney county became the possessor of the Frank Davis ranch just southwest of Ontario. This is one of the finest improved ranches near Ontario, and includes 60 acres, which Mr. Brown bought for \$16,000.—Ontario Optimist.

Based on the dog census, Canyon City's population should be 5000 instead of 500. Dogs of high and low degree, the yellow pup and the doggedest dog that ever wagged a tail rove in packs on the main thoroughfare. It is too bad, and yet they are all legal citizens and pay the required \$1 a year for the privilege of living and running cattle through the town.—Blue Mt. Eagle.

Assessor Donegan has about completed the field work and will at once begin work in the office. Mr. Donegan says that in his visits throughout the county he has found many fine gardens and not a few exceptional yields of grain. He has spoken to several regarding an exhibit at the fair and says it will be the fault of the farmer if we don't have a fine display next month.

Allen Biggs, manager of the Burns baseball team while here Sunday informed a representative of the Eagle that the Burns' ball team would not be able to attend the tournament at Prairie City. Unfortunately the series of games come at a time when it is impossible for the players to get away, but Mr. Biggs thought that possibly a game could be arranged at a later date or during the District Fair at John Day in October.—Blue Mt. Eagle.

Job printing—The Times-Herald. Four ear loads consisting of buggies, wagons, plows, harrows farm machinery, barb wire and nails now en route. See C. H. Voegtly for prices.

The matinee and band concert last Sunday afternoon at the fair grounds was quite a success. There were three running races, a trot between Sidney Wilkes and The Remitter and some saddle horses easily distanced Sheriff Richardson's auto. It had been intended to have "Progress" trot against the auto but the horse was too lame. The balloon ascension did not take place until sundown. This was very unsatisfactory to out of town people. Mr. Littlejohn did some excellent work on the slackwire. He may return for fair week but should he come he will be required in the contract to make his ascensions before 5 o'clock each afternoon. Another race matinee will be pulled off Sunday, Sept. 12. The admission will be 25 and 15 cents.

STAG SULKY PLOW. The Stag is one of the latest and best additions to the famous Deere Line of Riding Plows. It is light in weight, simple and durable in construction—full of genuine merit, and has shown its mettle and utility in every test it has been put to. It has amply demonstrated by its good work its right to be classed as a strictly up-to-date, high-class farm tool. It is certain to suit the most critical farmer and be a money-maker and a labor-saver for him.

"If It's a Deere—It's Right" and does its work perfect ease to the operator and team. It is manufactured and sold as a tongueless plow—a tongue not being necessary to best results, but one is supplied at slight cost to those who prefer it that way. The Stag is the simplest riding plow built,—anyone who can hook up a team and drive 'em straight can operate it successfully. It possesses many superior features not found on other plows, and it takes a whole book to illustrate and describe them. Better write for it today and all the information you want about this superior implement. C. H. VOEGTLY
